### NEW MICROGRAPHICS SUPERVISORS APPOINTED

The Library Programs Service (LPS) is pleased to announce the appointment of three new supervisors in the Micrographics Section, effective July 5, 1988. The new Chief, Micrographics Section, is Mr. Reginald L. Peebles. Mr. Peebles, a native Washingtonian, came to GPO from the private sector in 1978. While working as a Quality Inspection Specialist, he gained a wealth of knowledge concerning microfiche quality and production requirements. He is rapidly being briefed on depository libraries' requirements for both high quality microfiche and timely delivery of an acceptable product.

Ms. Valerie Berryman has been selected to fill the newly created position of Supervisor, Copy Preparation Unit. An LPS staff member for over seven years, Ms. Berryman has performed a variety of tasks, including typing the camera copy for the microfiche headers and preparing print orders in the Micrographics Section. In her new position, she will be overseeing the preparation and pick-up of print orders for the multiple fiche contractors.

Mr. John M. Walters, chosen for the newly created position of Supervisor, Microfiche Shipment Preparation Unit, has been part of LPS for more than 14 years, six of them in the Micrographics Section as a Quality Assurance Technician. His new duties will include training new inspection technicians, overseeing the receipt and preparation of microfiche for shipments, and processing claims.

These supervisors bring considerable experience with the "nitty gritty" of microfiche production that will be of great value particularly in these trying times of microfiche backlogs and defaulted contracts.

## STATUS OF THE MICROFICHE CONTRACTS

The August 28, 1987 default of GPO's primary depository microfiche contractor has had a deep, adverse impact upon LPS operations and services. The Micrographics Section has been working with the Quality Systems Division and the Term Contracts Division to develop contracts with tighter specifications and shorter turnaround times to avoid another disastrous situation in 1988. However, the Invitation for Bid, pre-award investigation of prospective contractors, and the certification process has taken longer than anyone imagined it would.

As of July 6, 1988, two contracts are in place, one for the Monthly Catalog and one for the Miscellaneous Publications. The post-award conference on the Code of Federal Regulations contract is scheduled for July 8. Print orders will be shipped out the following week. Four other contracts are in various stages of pre-award investigation and quality-assurance inspection of the test products.

The depository community has been extraordinarily patient during this period. If all goes well, the volume of microfiche shipped to depositories ought to rise from a slow pace in August to a steady, higher volume by October 1.

GPO's Printing Procurement Department has provided the Library Programs Service with a list showing the status of the multiple microfiche contracts as of July 6, 1988. The list appears on the next page.

THE WORD "FICHE" IS PRONOUNCED "FEESH". MANY PEOPLE PRONOUNCE IT AS "FISH".  
THAT IS INCORRECT. THIS FICHE IS FULL OF FISH.  
THESE ARE GENUINE MICROFISH.

## BASIC MANAGEMENT SKILLS INSTITUTE FOR DEPOSITORY LIBRARIANS

In conjunction with the October 1987 Depository Library Council meeting, the Association of Research Libraries Office of Management Studies offered a Basic Management Skills Institute for Depository Librarians. It was considered very successful by the 29 participants. On a scale of 1 (highly dissatisfied) to 10 (completely satisfied), 93% rated the program 8 or above for satisfaction. Eighty-six percent of the participants rated it 8 or above for usefulness.

ARL/OMS and G.P.O. would again like to offer this 3 1/2 day workshop in conjunction with the fall Depository Library Council meeting. As with the previous program, the topics to be covered will be motivation of staff, leadership/management styles, decision-making, effective use of groups, conflict management and communication. Participants will gain proficiency in the areas of organizational diagnosis, group leadership and interpersonal skills.

The Institute will be offered October 15-18, 1988. It will be held at the same hotel as the Depository Library Council meeting, the Westpark Hotel in Rosslyn Virginia. The cost of participation is \$375 plus travel and room and board. Rooms will cost \$73.00 (single) and \$83.00 (double.) The workshop will begin at 6:30 p.m. Saturday October 15, and it will end Tuesday October 18, at 3:30 p.m.

Twenty participants are required to present this Institute. In order to complete planning for this program, registrations must be received by September 1. Questions may be addressed to : Susan Jurow, Program Officer for Training ARL/OMS, 1527 New Hampshire Ave. N.W., Washington, D.C. 20036, phone number (202)232-8656.

Congressional Record Index, The Congressional Printing Management Division has informed LPS that the index for vol 127 has not been printed. CPMD is hopeful that a July delivery date can be met for distribution to members of Congress. An August shipment schedule is anticipated for GPO Sales and the depository libraries. The bindery must box the latter copies for shipment which causes delay. Those for members of Congress are delivered by truck.
